how to scuba dive how to get my scuba diving certification start off on the right fin if you are not a diver yet grab this in depth  
handbook it is everything you need to know about diving and scuba certification in a step by step beginner s guide if you are  
a newly certified scuba diver and do not yet feel safe comfortable underwater this guide will show you how to become as  
comfortable underwater as you are when sitting on your couch if you are a scuba diving instructor this reference book

provides a high quality framework to prepare your open water divers for a lifetime of legendary underwater experiences regardless of your reason for wanting to learn to dive chances are you won't go scuba diving after completing your open water certification weird right there are holes in the way scuba diving instructors teach and this handbook will lay it bare so you can prepare to learn to dive and get what you need for a lifetime of legendary underwater adventures recommendations are backed by industry wide surveys that the author shares with you he also explains the iso international scuba diving training standards so you can prepare and know whether you are being shortchanged this step by step handbook to learning to dive covers scuba certification courses dive equipment dive travel with 550 pages of actionable information should i pursue a padi certification or choose another dive training agency how much does it cost to learn to dive how can i save money how can i get comfortable underwater what can i do to feel safe while scuba diving what are the scuba certification levels and which ones matter to me typical mistakes made by people who decide to learn to dive the pitfalls traps in the dive industry how to avoid them where to take your certification and with whom selecting a dive instructor dive center dive resort dive boat your health fitness to dive what dive gear to buy what to rent how to save money by spending on what will actually help you and so much more most books on scuba diving are written by instructors and offer solid content but darcy kieran gives you a 360 degree view from his experience as a scuba diving instructor trainer owner manager of dive shops dive equipment wholesalers dive boats scuba diving university programs and dive resorts this handbook won't teach you how to scuba dive you must get in the water for that but you will know exactly what to do before registering for a scuba certification course the author shares typical mistakes that would cost you time and money and in many cases provide you with such a bad experience that you would want to stop scuba diving this book gives you a chance to learn from others mistakes it will help you understand how the dive industry operates so you can navigate it to your advantage do not risk missing out on a lifetime of legendary scuba diving adventures because many dive professionals you'll encounter are not always professional instead learn how to be the leader of your own adventure

new frontiers in marine tourism is the first book of this kind to address and analyse this burgeoning tourism sector

comprehensively by integrating aspects such as the sustainability safety education experiences and management of diving tourism the text highlights a variety of pressing topics related to the management of diving tourism including different types of diving locations and their particular characteristics and the geographical distribution of dive locations the growth and economic significance of diving tourism in destinations worldwide different motivations and typologies of diving tourists their learning behaviour knowledge of marine environments and their interaction with flora and fauna diver satisfaction attitudes and preferences education and interpretation and compliance with regulations environmental impacts and aspects of risk and health

this volume offers new insight into an important and largely under examined area of marine leisure and tourism scuba diving tourism knowledge of scuba diving has long been hidden among broad discussions of water based sports and activities and this focused book aims to shed further understanding and knowledge on this popular international activity the book examines the current issues central to research into and management of scuba diving tourism from multidisciplinary perspectives such as health and safety climate change policy and regulation and the recreation leisure context it further reveals critical management issues of economic environmental and socio cultural impacts related to scuba diving tourism which extends to the influence of climate change on the industry s operations and future this significant volume which conceptualizes the issues surrounding scuba diving tourism now and in the future is written by leading experts in this field and will be valuable reading for all those interested in marine leisure and tourism
